

As a resident of Midland County, my daughter and I listen to K-Love (an all Christian radio station) every day. It is the "main" setting of all of our radios. We are all so overwhelmed by the dramatic and tragic events taking place in our world today. It is refreshing to hear such positive stories and songs throughout the day. Our local community is a big supporter of KLove, since it is a non-profit organization. There are many in our community who might never hear about God except by this radio station. I believe that KLove provides a valuable ministry in our area and feel it would be detrimental to many people to give LPFM priority over the FM translator services.

Sincerely,

Cynthia K. Rowe
